| Plantaserve E | Preservative | 1% | 2g |
| Granulated Sugar | Exfoliant | 60% | 120g |
| Poppy Seeds | Exfoliant | 0.5% | 1g |
| Kiwi Fragrance Oil | Fragrance | 0.5% | 1g |

## Directions

- Using a heat safe container inside of a water bath, melt down the mango butter, sweet almond oil, castor oil, cocoa butter, BTMS 25 and cetearyl alcohol.
- Once melted, using a hand blender or whisk, mix periodically whilst mixture cools down.
- Once mixture has fully cooled and has a creamy consistency add the colourant, fragrance and preservative until fully homogenous.
- Then add the granulated sugar and poppy seeds, use a spatula to mix until everything is incorporated.
- Store in an air tight container. Can use Optiphen or Liquid Germall Plus as preservative alternatives. .
